INTRODUCTION

The Borough of Hanover prepared the following budget manual to effectively communicate the Borough's major accomplishments over the past year. This manual will provide the budget assumptions and rationale used to project and create the 2023 annual budget. The budget manual gives readers both a top-level and detailed-level view of the 2023 revenues and expenditures of the Borough. The budget provides both an operational and capital budget for each of the Borough's major funds. It also provides readers with the Borough's 2023 tax rates and user utility fees.

2023 BUDGET ASSUMPTIONS

Listed below are the major assumptions used in the preparation of the estimates used in the Borough's 2023 budget:

Governmental Funds:

- 2023 real estate taxes are based upon York County valuation reports.
- Borough of Hanover's general purpose millage rate will increase from 5.65 mills in 2022 to 6.09 mills in 2023.
- Assumed a 3.5% increase in Act 511 taxes which was based off historical data. Projections were based on economic conditions of the Borough.
- \$300,000 increase in licenses and permits from 2022 to 2023 due to contract with PMCA. This will be offset by \$300,000 increase in professional services expense for UCC/Code Enforcement.
- The Borough estimates \$2,145,818 will be transferred from the ARPA grant fund to the General Fund in 2023. These monies will be used to offset a portion of the police and fire salaries and wages.
- Assumed a 3% increase in liquid fuels state allocation due to the increase in gas prices around the state.
- Assumed a 3% increase from the prior year budget for employee salaries and wages.
- Assumed a 4.1% increase from the prior year budget for health insurance premiums. This estimate was provided by Benecon (Borough's health insurance provider).
- Assumed a 3% increase from the prior year budget for liability and workers compensation insurance.
- Pension expenses were based on the 2023 Minimum Municipal Obligation (MMO) actuarial calculation.
- Hauling fees at the Borough's transfer station is estimated to increase by 43% for 2023 based on new agreement with new vendor.
- For general supplies and materials expenses, the Borough assumed a 3% inflation increase due to the current economic climate.
- Assumed a bond issuance in 2023 for \$10 million. The proceeds from the bond will be used for the construction or improvement of Borough facilities.

2023 BUDGET ASSUMPTIONS (CONTINUED)

Proprietary Funds:

- Water Fund metered revenue is estimated to increase slightly from 2022 to 2023 due to the Borough raising its rates for customers who reside outside of the Borough. This was based off a PUC rate case study.
- The Borough increased the Sanitary Sewer metered revenue budget by 1.8% due to historical trends.
- Assumed a 3% increase from the prior year budget for employee salaries and wages.
- Assumed a 4.1% increase from the prior year budget for health insurance premiums. This estimate was provided by Benecon (Borough's health insurance provider).
- Assumed a 3% increase from the prior year budget for liability and workers compensation insurance.
- Pension expenses were based on the 2023 Minimum Municipal Obligation (MMO) actuarial calculation.
- For general supplies and materials expenses, the Borough assumed a 3% inflation increase due to the current economic climate.

BOROUGH OF HANOVER 2022 ACCOMPLISHMENTS

- Substantial completion of renovation of Sheppard Myers Dam project
- Successful completion and implementation of the Pennsylvania Public Utility Commission rate case for non-Borough customers
- Established the Hanover Economic Development Corporation for community and economic development projects in Hanover Borough
- Reorganize the Water Department under the Director of Planning and Engineering
- Completed contract negotiations with three of the Borough's labor unions.
- Hire new Treasurer/Director of Finance
- Completion of FY2021 annual financial audit

BOROUGH OF HANOVER TAX RATES 2023

REAL ESTATE TAXES

General Purpose: 6.09 mills or \$6.09 per \$1,000 of assessed valuation.
(\$609 on a property assessment of \$100,000)

ACT 511 TAXES

Per Capita Taxes: Borough has proposed to reduce per capita rate to \$0.

Earned Income Taxes: The Borough receives 1/2 of the 1% local wage tax.
Hanover Public School District receives the other 1/2 %.

Real Estate Transfer Taxes: The Borough receives 1/2 of the 1% realty transfer tax.
Hanover Public School District receives the other 1/2 %.

Local Service Taxes: \$52 for anyone working in the Borough.
Exemption for earnings of \$12,000 or less

Business Privilege Taxes: 2 mills or \$2.00 per \$1,000 of gross service related receipts

BOROUGH OF HANOVER UTILITY RATES 2023

Water (Resident Rate):

<u>Size of Meter (inches)</u>	<u>Per Quarter Base Charge</u>
5/8"	\$26.55
3/4"	\$36.72
1"	\$57.09
1.5"	\$108.12
2"	\$169.14
3"	\$362.64
4"	\$617.25
6"	\$1,279.26
8"	\$1,839.45

\$3.16 per thousand gallons of water used is added to the base rate above for Borough of Hanover residents. The base rates are the same for users who reside outside of the Borough limits, but the usage rates are higher. Please review ordinance for users outside of the Borough.

Sewer Rate:

First 7,000 gallons of water consumption or less per quarter (Minimum) - \$59.40

Next 18,000 gallons per quarter (charge per thousand gallons) - \$7.43

Next 25,000 gallons per quarter (charge per thousand gallons) - \$7.32

Quarterly per unit charge for garbage grinding units - \$3.30

Stormwater Management Fees:

\$66.44 per Equivalent Residential Unit (ERU) per year

Solid waste fees:

\$70.50 per quarter per dwelling for a maximum pickup of three 30-gallon containers per pickup

Please review Borough ordinances for multi-unit, rental, and commercial rates.

DESCRIPTION OF BOROUGH OF HANOVER'S FUNDS

The accounting records and budgeting for a municipality is significantly different than that of private industry. In contrast to private industry, municipalities break their operations down into smaller segments, which would resemble the various individual companies that may exist within a larger corporation. These "individual companies" are referred to as "funds" within a municipality. The Government Accounting Standards Board (GASB) establishes the accounting and financial reporting standards for U.S. state and local governments. The GASB standards categorizes funds as *governmental, proprietary, and fiduciary funds*. Below is a list of the Borough's funds by category.

Governmental Funds

General Fund

The General Fund is used to pay for the "general" expenses associated with the government. It pays for the administration of the local governmental offices, the maintenance of the buildings and grounds including various parks and athletic fields scatter throughout the Borough. The General Fund also pays for all emergency services including police and fire services which account 44.2% of the total 2023 budgeted operational costs of this fund. Solid waste collection and disposal costs are paid by the General Fund and are the second largest expense after police and fire services. These costs make up 25.9% of the total 2023 budgeted operational costs in the General Fund. Another major expense paid by the General Fund is the maintenance and improvement of the Borough's streets and traffic infrastructure. The General Fund also transfers money to the General Capital Projects Fund to fund various capital projects of the Borough and to pay the principal and interest (debt service) for its portion of the Borough's General Obligation Bond (GOB) debt and capital leases. Lastly, the General Fund makes contributions to the Guthrie Memorial Library to subsidize a portion of the Library's operations and to provide funding for the Library's GOB debt. In 2023, an additional amount will be transferred from the General Fund to the Library Fund to provide enough cash to balance the fund. The General Fund will also transfer an amount to the Market House Fund to provide enough cash to balance the fund.

The primary sources of revenue for the General Fund are real estate taxes, Act 511 taxes, solid waste sanitation and tipping fees, and federal, state, and local grants. The Borough approved a general-purpose real estate millage rate of 6.09 mills for 2023 which increased by 0.44 mills from the 2022 millage rate of 5.65 mills. Real estate taxes are calculated by multiplying the Borough's millage rate by the real estate assessments established by the York County Assessment office. This will produce approximately \$6.19 million in revenue which represents 36.4% of the General Fund's 2023 budgeted revenue stream.

Act 511 taxes include local earned income taxes, business privilege taxes, local service taxes (LST), and real estate transfer taxes. The Borough receives half of the 1% local wage tax. Business privilege taxes are calculated at 2 mills or \$2.00 per \$1,000 of gross service-related receipts or rental income. \$52 of

LST tax is paid by anyone who works within the Borough. The Borough receives half of the 1% real estate transfer tax. Act 511 taxes are collectively budgeted at an amount of \$3.29 million and represent 19.4% of the General Fund's 2023 budgeted revenue.

Solid waste collection (sanitation revenue) and tipping fees at the Borough's transfer station are for the most part billed quarterly with the exception of special pickups. Please refer to the Borough ordinances for the quarterly and special pickup rates. Sanitation revenue and tipping fees are budgeted at \$4.86 million which is 28.6% of the General Fund's 2023 budgeted revenue.

The Borough receives funding every year from federal, state, and local grants. Some of these grants are used as a subsidy for the Borough's operations while other grants are used for the funding of capital projects. The Borough tries to apply for as many grants as possible each year. The Borough has budgeted \$729,056 in General Fund grant revenue for 2023 which represents 4.3% of the fund's 2023 budgeted revenue.

Special Revenue Funds

Special revenue funds are funds used by U.S. state and local governments to accumulate proceeds from certain revenue sources whose use is restricted to specific purposes or activities. Below are the Borough's special revenue funds:

- 1. *American Rescue Plan Act (ARPA) Fund*** – The American Rescue Plan Act was signed into law by President Biden in March 2021. This act guaranteed direct relief to state and local municipalities caused by the Coronavirus. The Borough received half of its \$7,573,079 grant allocation in 2021 and received the second half in 2022. These funds are restricted for revenue replacement for government services that had a reduction in revenue due to COVID-19, COVID-19 expenditures or negative economic impacts of COVID-19, premium pay for essential workers, and investments in water, sewer, and broadband infrastructure. Qualified expenditures must be appropriated by December 31, 2024 and spent by December 31, 2026. The Borough has determined that the ARPA fund is a major governmental fund.
- 2. *Library Fund*** – The Library fund is included with the General Fund in the Borough's financial statements. The Library fund receives most of its revenues from grants, contributions, and donations. These revenues fund a portion of the Library's operations.
- 3. *Liquid Fuels Fund*** – The Borough receives a portion of the State shared gas tax every year. These funds are restricted for the repairs, maintenance, and improvement of the Borough's roads and traffic infrastructure. Funds can also be used for snow removal and winter maintenance of roadways in the Borough.
- 4. *Recreation Board Fund*** – The Borough's recreation board holds recreational events, tournaments, and baseball and softball leagues. These revenues are restricted for the repairs and maintenance of the Borough's parks and playgrounds and for event expenses.

Permanent Funds

Permanent funds are funds required to be used to report resources that are legally restricted to the extent that only earnings may be used for purposes that support the reporting government's programs. Below are the Borough's permanent funds:

1. *Library Endowment Fund* – The earnings from the library endowment fund are restricted for the use of the Guthrie Memorial Library.
2. *Recreation Endowment Fund* – The earnings from the recreation endowment fund are restricted for the use of the Recreation Board's programs.

Component Unit

Component units are legally separate organizations for which the elected officials of the Borough are financially accountable. The Borough has two component units, but one of the component units is a fiduciary fund which is not included within this budget. The other component unit is noted below:

1. *Hanover Economic Development Committee (HEDC)* – HEDC is a non-profit organization that was formed to enhance the economic development of the Hanover area. The Borough of Hanover funds 50% of the Committee.

Capital Projects

The General Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays. This includes the acquisition or construction of capital facilities, vehicles and equipment, roads and traffic infrastructure, and other general capital assets. The General Fund will make transfers into the General Capital Projects Fund to fund capital projects. The Borough also applies for federal, state, and local capital grants to fund various capital projects. The Borough records proceeds from debt issuances and debt service payments for debt associated to general capital projects within this fund. The Borough is budgeting for a bond issuance of \$10 million in 2023 for the construction or improvements to its facilities.

Proprietary Funds

Enterprise Funds

Enterprise funds are funds that account for activities that provide goods and services primarily to the public on a charge basis. The Borough's enterprise funds are all for public utilities. The money generated from these funds is used to maintain the operation of the utilities. Each enterprise fund should be self-sustaining. For budgeting purposes, the Borough has created a capital projects fund for each major enterprise fund. The capital projects funds are combined with the corresponding

enterprise fund when reported on the Borough's annual financial statements. The capital projects funds are used to reserve money for the capital infrastructure and machinery and equipment of the public utilities. Below are the Borough's enterprise funds:

1. *Water Fund* – The Water Fund serves four municipalities and includes a water treatment plant with a capacity of 11.0 million gallons per day (MGD) treatment capacity with an average daily demand of just over 5 MGD. The distribution system consists of 211 miles of pipes that were installed between 1880 and 2022. The Water Fund also has two elevated storage tanks, a finished water reservoir and a booster pump station. The Water Fund bills residents and non-residents quarterly for services. We have included general utility rates within the budget, but readers should view the Borough's websites for all rates. The Borough has budgeted \$9.06 million in revenue and \$5.57 million in operating expenses for 2023. \$1.18 million is budgeted to be transferred from the Water Fund to the Water Capital Projects Fund for various capital projects and debt service. The Water Fund is the largest enterprise fund of the Borough.
2. *Regional Wastewater Treatment Fund* – The Regional Waste Water Fund serves Hanover Borough, Conewago Township, McSherrystown Borough, and part of Penn Township. The Borough is responsible for charging each municipality quarterly for its portion of wastewater treatment, conveyance, and sludge removal. These revenues are used to fund the operations of the Hanover Wastewater Treatment Plant. The Borough has budgeted \$2.56 million in revenue and expenses for 2023.
3. *Sanitary Sewer Fund* – The Borough's Sanitary Sewer Fund is used to bill residential and commercial dwellings based on each unit's water consumption. We have provided general sanitary sewer rates within this budget, but readers should view all Borough rates on the Borough's website. The revenue generated by these billings fund the operation and maintenance of the Borough's wastewater collection system, sanitary sewer lines, pump stations, etc. The Borough has budgeted \$4.79 million in revenue and \$2.92 million in expenses for 2023. The Borough also budgeted \$2.18 million to be transferred from the Sanitary Sewer Fund to the Sanitary Sewer Capital Projects Fund for various capital projects and for debt service.
4. *Stormwater Authority Fund* – The Stormwater Authority is a blended component unit of the Borough. The Authority established a stormwater fee in 2019 to fund the maintenance of its stormwater management system. This includes underground pipes, conduits, mains, inlets, culverts, basins, ditches, outfalls, dams, and other flood control structures. The Authority charges a fee based on the amount of impervious soil of a residential or commercial property. We have included the general stormwater fees within the budget, but readers should visit the Borough's website for all of the Borough's rates. The Authority has budgeted \$1.26 million in revenue and \$795,688 in expenses for 2023. The Borough also budgeted \$119,983 to be transferred from the Stormwater Authority Fund to the Stormwater Authority Capital Projects Fund to pay stormwater construction and debt service related to capital leases.

5. *Market House Fund* – The Borough’s Market House was established in 1815 and has been at its current location at 210 East Chestnut Street since 1933. The Market House has two restaurants, fresh-baked goods, quality meats, and fresh fruits and vegetables. The Market House Fund rents space to vendors as its main source of income. The Borough has budgeted \$49,829 in operating revenue and \$58,764 in operating expenses for 2023.

Fiduciary Funds

The Borough is the fiduciary for its three separate employees’ pension plans for police, fire drivers, and non-uniformed employees. The three pension plans are single employer defined benefit plans. Each plan has different contribution requirements, benefits provided, and vesting periods. Please see the footnotes to the Borough’s annual financial statements for more details of each plan. The Borough also presents the Fire Driver’s Post Employment Health Plan (PEHP) as a discretely presented component unit fiduciary fund. The Borough does not include the fiduciary funds as a part of its budget manual. The Borough budgets for its minimum municipal obligation (MMO) for each of the three pension plans. The non-uniform pension plan’s MMO is allocated amongst the Borough’s various operating funds based on the allocation of the budgeted salaries of its non-uniform employees. The Borough also budgets for the Commonwealth’s Act 205 state municipal aid which also helps fund the three pension plans of the Borough.

GOVERNMENTAL FUNDS 2023 BUDGET SUMMARY
