Zoning Hearing Board Information

WHAT IS THE ZONING HEARING BOARD (ZHB)?

The Zoning Hearing Board (ZHB) is a body of 3 residents appointed by Borough Council that hears requests for variances, special exceptions and appeals.

JURISDICTION:

The ZHB shall have exclusive jurisdiction to hear and render decisions in the following matters:

- Applications for *variances* from the terms of the zoning ordinance.
- Applications for *special exceptions* under the zoning ordinance.
- *Substantive challenges* to the validity of any land use ordinance, except those brought before the governing body having to do with curative amendments.
- *Appeals* from:
 - the determination of the zoning officer, including, but not limited to, the granting or denial of any permit, or failure to act on the underlying application, the issuance of any cease and desist order or the registration or refusal to register any nonconforming use, structure or lot.
 - the determination by the Borough Engineer or the zoning officer with reference to the administration of any flood plain or flood hazard ordinance or such provisions within a land use ordinance.
 - the determination of any officer or agency charged with the administration of any transfers of development rights or performance density provisions of the zoning ordinance.

WHAT IS A VARIANCE?

Area and Design - A variance is relief from a specific provision of the Zoning Ordinance. Zoning Ordinance requirements apply across an entire district. Because each individual property is unique, it is possible that a specific Zoning Ordinance requirement could impact a property in an unequal, unfair, or arbitrary manner, i.e. in a way different from other properties in the district. If the Zoning Ordinance imposes an "unnecessary hardship" on the property, as determined by five specific criteria (listed later in this application), the Zoning Board is permitted to grant a variance.

No variance may be granted which would adversely affect surrounding property or the general neighborhood. All variances must be in harmony with the intent and purposes

of the Zoning Ordinance.

WHAT IS A SPECIAL EXCEPTION?

A Special Exception is not a "pass" to avoid zoning ordinance criteria. It is related to the use of a parcel. A Special Exception is permission to use land in a zoning district for a purpose or land use that is permitted only if certain specific criteria are met. There are general criteria contained in Section 140-135.B of the Ordinance; ALL must be met for a special exception to be approved. Should the ZHB determine that a use permitted by special exception fails to comply with all of the definitional aspects thereof or would be contrary to the public health, safety, morals and/or welfare of the community at specific locations within a district, that the use would not be permitted there.

CONDITIONS:

In granting any variance or special exception, the ZHB may attach such reasonable conditions and safeguards as it may deem necessary to implement the purposes of the Zoning Ordinance and the Pennsylvania Municipalities Planning Code (MPC).

RELIEF EXPIRATION:

Variances and special exceptions shall be valid and remain in effect for a term of one year from the date of said approval and shall thereafter expire and be void unless said construction, modification, new or revised lot lines or dimensional standards or change of use or occupancy be initiated within said one-year term or said term is expressly extended as part of the initial approval or a further extension of the term being granted by the ZHB prior to the expiration of the one year period.

TIMING FOR REVIEW:

The first hearing shall be held within 60 days from the date of the applicant's request, unless the applicant has agreed, in writing, to an extension. Each subsequent hearing shall be held within 45 days of the prior hearing unless otherwise agreed to by the applicant in writing or on the record. An applicant shall complete the presentation of the case in chief (the part of the hearing in which the applicant presents evidence to support the claim or defense) within 100 days of the first hearing.

The ZHB shall render a written decision, or when no decision is called for, make written findings on the application within 45 days after the final hearing.

B. Variance

Purpose and Applicability: A variance is relief from a specific provision of the Zoning Ordinance. Zoning Ordinance requirements apply across an entire district. Because each individual property is unique, it is possible that a specific Zoning Ordinance requirement could impact a property in an unequal, unfair or arbitrary manner, i.e. in a way different from other properties in the district. If the Zoning Ordinance imposes an "unnecessary hardship" on the property, as determined by the following five specific criteria, the Zoning Board is permitted to grant a variance.

Please answer the following questions regarding the property:

1. Yes No There are unique or peculiar physical circumstances or conditions including irregularity, narrowness, or shallowness of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and the unnecessary hardship is due to such conditions, and not the circumstances or conditions generally created by the provisions of the Ordinance in question that are not shared by other properties in the vicinity.

Describe why the property is different from the other properties in the district: _____

2. Yes No That because of such unique or peculiar physical conditions, there is no possibility that the involved property can be developed in strict conformity with the provisions of this ordinance, and that the authorization of a variance is necessary to enable reasonable use of the property:

3. Yes No That such unnecessary hardship has not been created by the applicant:

Describe how the variance will impact the neighborhood: _____

5. Yes No That the variance requested represents the minimum variance that will afford relief and will represent the least modification possible of the Ordinance:

Describe why this is the least possible modification to the Ordinance: _____

Unless the answer is "Yes" to ALL of the above, and evidence in the form of testimony or documentation is provided, the Zoning Board cannot grant a variance.

Property Address: _____
